Laser Treatments

Photofacial IPL:

\$250

An IPL Photofacial is a non-invasive treatment that uses high-intensity pulses of visible light to improve such skin conditions as fine lines and wrinkles, freckles, age spots, rosacea, discolouration and facial veins. It also helps treat mild to moderate acne and stretch marks, and it encourages collagen production.

- Removes broken capillaries often across the nose and upper cheeks, removes brown pigment, age spots and sun damage spots and stimulates collagen production below the skin's surface.

Skin Tightening (IPL or RF):

\$250

Skin tightening & rejuvenation treatment is performed using Intense Pulsed Light or Radiofrequency which are both used to create fantastic improvements in the skin.

- Skin Tightening Procedure heats and increases collagen production giving you a lifted and tighter effect on the skin. Skin tightening combination treatments are the ultimate procedures for improving firmness of the skin.

Acne Therapy IPL:

From \$150

Using our Intense Pulsed Light (IPL) technology, we work to treat the Acne, reducing inflammation and breakouts.

Laser Vein Removal

(Body and Facial Veins/Capillaries):

From \$150

Lasers emit high energy at a specific wavelength in a single beam. Intense Pulsed Light (IPL) is broadband light that delivers hundreds of wavelengths (or colours) in a single discharge. IPL is able to specifically target haemoglobin in the skin without damaging the surrounding tissues.

The light energy is absorbed by blood inside the veins, heating up the vessel wall, which collapses and then dissolves.

Tattoo Removal:

From \$100 per quarter size

Lasers emit sound and light which breaks down the pigment of a tattoo.

In turn the body's immune system can remove the smaller coloured particle easily. Fading will occur over the following 60 days after the laser treatment.

Pixel Resurfacing:

\$400 For Full Face

Pixel Laser Resurfacing is designed to improve the quality and texture of the skin while it stimulates collagen regeneration. There is little to no downtime associated with Pixel resurfacing. Pixel is also great for Stretch marks and Acne Scars!

- Pixel small Area *\$100.*

Laser 360 (RF, Pixel, IPL):

\$800

Laser 360 is a skin rejuvenation procedure that combines 3 powerful technologies to deliver real results. The 3 different light-based technologies deliver younger, brighter and healthier looking skin. Laser 360 improves discoloration, uneven texture, reduces broken blood vessels, sagging skin, reduces visibility of pores and fine lines around the eyes, nose and jaw line. This type of laser produces dramatic results in as little as 60 days.

Cellulite & Body Contouring

Accent RF-30 Minutes:

\$100 per area

Accent RF Skin Tightening provides effective cellulite treatment. Accent RF therapy changes the shape of fat cells and shrinks them to remodel the connective tissue that forms this condition. This therapy presents a non-invasive, effective and long-lasting way to reduce the appearance of cellulite. Accent RF is used for skin tightening, toning and firming and can be used to treat loose wrinkled skin anywhere on the body.

Cosmetic Services

Other Services

Skin Tag and Wart Removal

From \$50

Liquid nitrogen is used to freeze off skin tags and warts. This treatment is quick and easy.

Medical Injection Treatments

*Medical Consultation ** Complimentary*

Botox™ (Wrinkle treatment)

(Botox™ & Dysport™ available)

\$10 Per Unit

Botox™ is injected into the muscles that cause fine lines and wrinkles. It helps relax the muscle by blocking the impulse that causes wrinkles, thus smoothing and softening the lines so your skin looks youthful and refreshed.

Botox™ Injections for Migraines: Injection Fee \$200

Botox™ is injected around pain fibers that are involved in headaches. Botox™ enters the nerve endings around where it is injected and blocks the release of chemicals involved in pain transmission. This prevents activation of pain networks in the brain. Botox™ prevents migraine headaches before they start.

Botox™ Injections for Hyperhidrosis: Injection Fee \$200

Botox™ works by blocking the secretion of the chemical that activates sweat glands. The underarms, palms, soles, scalp, forehead and groin area may be treated with Botox™. Most areas with excessive sweating will respond very well to treatment.

Cosmetic Fillers

(All Top Brands Available):

\$600 Per Syringe

Under Eye Filler:

\$750

Fillers help to smooth unwanted lines, restore natural contours and enhance lips to give you a smooth, natural and refreshed looking appearance. Fillers are used in the lips to provide a plumping effect for soft subtle results that leave you looking your absolute best.

Mesotherapy (Redensity I)

Dermaconstructive treatment: \$290 Per Syringe

Designed to nourish the skin from within. Redensity I is a revolutionary dermal filler that provides deep hydration and restores your skin's ability to reflect light. This injectable treatment enhances your skin with its unique Dermo Restructuring Complex, a patented formula containing antioxidants, amino acids and minerals.

Belkyra™:

\$1400 Per Treatment

Health Canada approved Belkyra™ is used to improve the appearance and profile of moderate to severe fat below the chin (submental fat), also known as the “double chin” effect. It is a non-invasive treatment that can be done with relatively easy recovery and with visible results in 2-4 treatments.

*PRP Vampire Lift with Vital 2 Injector Gun
Full Face & Under eye:*

\$750

The Platelet rich plasma is injected as a highly concentrated formula of your own individual platelets. The Platelet rich plasma is very high in growth factors. Growth factors are needed to repair the body and help to fight the signs of aging. The different elements are divided into red blood cells, white blood cells, and platelets. The end product is a clear platelet rich plasma which is used to inject back into the places that require the most attention.

PRP -Under-eye only:

\$550

PRP- Full Face Only:

\$550

PRP- Neck add on:

\$250

PRP Hair Loss Treatment:

\$550 Per Vial

PRP Hair Loss with Microneedling:

\$750

PRP therapy is used in hair restoration for natural looking results. With a thin needle, your own Platelet-Rich Plasma (PRP) is injected into the scalp. Then the growth factors in your blood cells do their job and hair growth is naturally stimulated. PRP Hair Restoration is suitable for both men and women.

Hair Restoration Package:

PRP 3 Sessions \$1350

Microneedling & RF Treatments

Microneedling RF (Face & Neck): *\$1200*

Microneedling rejuvenates the skin's surface. Like many other skin rejuvenation technologies, microneedling uses the body's natural healing processes to produce more flawless, younger looking skin. Adding RF to microneedling boosts the benefits of the microneedling by combining it with radio frequency skin rejuvenation for remarkable results.

Microneedling for Neck (Skin Laxity): *\$600*

Microneedling causes the skin to repair itself and turbocharges your body's natural ability to produce collagen and elastin, which provides that firm plumpness. It also helps improve skin texture, reduce the appearance of scars and stretch marks and creates a more youthful look!

Microneedling for Hyperhidrosis (Excessive Sweating): *\$750*

Microneedling is a cutting edge, non-surgical solution for hyperhidrosis. The microneedling procedure is designed to destroy the sweat glands in the affected area. The treatment is very effective and completely non-invasive. Most patients will not experience any notable discomfort or downtime.

Microneedling RF with PRP: *\$1400*

Microneedling with PRP (platelet rich plasma), also known as Collagen Induction Therapy is ideal for treatment of acne scars, surgical scars, stretch marks, wrinkles and fine lines, hyperpigmentation, sun damages, large pores, and uneven skin texture. It can be performed either on the face or body and is suitable for all skin types.

Microneedling Mesotherapy with Vital Injector 2 Gun: *\$500*

This is a revolutionary new technology designed for skin health using hyaluronic acid, needling and mesotherapy to eliminate wrinkles, reduce enlarged pores, prevent discoloration, enhance skin glow and restore volume. It is safe, fast and extremely precise.

Microneedling Pen Treatment with Collagen Mask: *\$350*

Microneedling is a medical grade device designed to boost collagen. Microneedling uses needles to create "micro channels" that allow collagen to penetrate and absorb into the deeper layers of the skin to deliver more powerful results. This process plumps the skin and improves the appearance of fine lines, wrinkles, scars and pores.
